DETAILED ACTION

Claim Rejections - 35 USC § 112

[Claims 1 – 33 have been withdrawn pursuant to the restriction requirement set forth in the Office action of 12/11/08. Claims 34 – 48 are present for examination.]

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 39 – 40 and 46 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In the case of each of claims 39 and 46 it is unclear whether and how the illuminating of the sample with plural wavelengths relates to the antecedent (selected) wavelengths and the calculations and/or measures and/or determination or comparisons that are associated therewith. In other words it is unclear that these claims bear any relationship to the activities set forth in the parent claims and/or to a malignant/benign tumor determination process.

Dependent claim 40 inherits the defect.

Allowable Subject Matter

Claims 34 – 38, 41 – 45 and 47 – 48 are allowed.

Response to Arguments

Applicant's arguments, see the Amendment and Request for Reconsideration, filed March 11, 2009 with respect to all claims actively under examination have been fully considered and are persuasive. The prior art rejection of 34 - 48 has been withdrawn.

No rejections remain on prior art. Resolution of these issues will result in allowance of this case.

Claims 1 – 33 stand withdrawn having been elected without traverse. The Examiner will therefore cancel these claims by Examiner's Amendment when the case is otherwise in condition for allowance. See MPEP821.02.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
